Niagara Slate 14" in Chestnut Brown

Niagara Slate 12" in Stormy Gray Blend

Highly Sustainable | Highest Testing Performance | Proven Longevity | Uncompromised Beauty

Niagara Slate in Smoke Gray, Mountain Plum and Federal Gray

Niagara Slate

Niagara Slate is a natural-looking, 5/8" thick, synthetic slate roofing tile produced in 10", 12" and 14" widths and available individually or as a Random-Width Blend. Each Niagara Slate 14" tile covers one square foot of roof deck at the 10" exposure (100 tile/square), maintaining a 2" headlap throughout. An additional 9" exposure option allows for the creation of unique looks using staggered, offset or random-width installations.

These synthetic slate tiles are manufactured from up to 80% post-industrial recycled materials and provide superior protection from the most extreme elements such as rain, wind, hail, snow, fire, extreme temperature change and the sun's UV rays. Little-to-no maintenance combined with a 50-year warranty means a trouble-free roofing solution with lasting performance.

Advantages

- The look of natural slate without extensive maintenance
- Easy application keeps installation costs down
- Factory pre-blended for color & width
- Significant property insurance discounts may be available when upgrading or building a roof to protect against the elements

Architectural Flexibility

- Enhances the historical look in both residential and commercial buildings
- Staggered and offset installations accentuate roof texture and depth

Strength & Durability

- Provides superior durability and protection from extreme weather conditions that include fire, wind, hail and wind driven rain
- 22" length provides 2" of headlap protection against wind-driven rain and ponding snow melt (at maximum reveal)
- Significant life cycle savings

Environmental Sustainability

- Manufactured with post-industrial recycled plastics and/or rubber (not tires)

Technical Information

- Miami-Dade County, Florida NOA No. 17-1227.10 11/07/23
 - Miami-Dade Wind TAS100 & TAS125
 - UL listed Class C or Class A fire resistance (UL 790)
 - Prolonged UV Exposure (ASTM G155)
- Division 7 Building Codes per UL ER18920-01 / -02
- State of Florida Evaluation Report FL 30713-R1
- Texas Dept. of Insurance Evaluation (RC-135)
- Canadian Code Compliance Evaluation (CCMC-14174-R)
- UL Class 4 (highest rating) hail impact resistance (UL 2218)
- Resistant to algae, fungus or mold growth
- Job lot control produces uniform roof tile weathering
- ISO 9001:2015 Quality Management Standards

Warranty Options

- 50-Year Limited Material Warranty available
- 50-Year Gold Star Labor & Material Warranty available
